Biking & Walking Trails

Three Rivers Heritage Trail System:

A pedestrian trail and greenway system around Pittsburgh, along both sides of the Allegheny, Monongahela and Ohio Rivers, will extend 37 miles when completed. It is a unique way for cyclists, walkers and runners to connect with Downtown. Visit FriendsOfTheRiverfront.org for detailed information and maps.

Downtown Bike Racks: When not in use, secure your bicycle to one of the many bike racks that can be found Downtown. See map for locations.

Rack 'n Roll: Many Port Authority bus routes are equipped with bike racks. Taking a bike on the Incline or "T" during off-peak hours is permitted. Foldable bikes are allowed on Port Authority buses and T at all times. Go to Bike-pgh.org for more information.

Find garage parking fast in Pittsburgh's Cultural District through an iPhone application, mobile website, text messaging, call-in number, or traditional website. Visit Parkpgh.org for more information.
