The Duquesne Incline, which has been scaling the side of Mount Washington since May 7, 1877, is just one example of Pittsburgh's pride in the Steelers. On game day, a sign is added to each of the 2 cars – the left one reads 'DEEE' and the right one reads 'FENSE.' When the cars pass each other at the halfway point, they read DEEEFENSE.

 Clean & Safe Operations Supervisor 412.325.0156

While Pittsburgh has one of the safest downtowns in the nation, keep the following personal safety tips in mind in any urban environment:

Personal Tips:

- Stay alert; pay attention to your surroundings.
- Stick to well-traveled streets. Avoid shortcuts through alleys and parking lots.
- Carry a purse close to your body, not dangling by the straps. Put a wallet in an inside coat pocket or front pants pocket, not a back pocket.
- Try to use automatic teller machines during the daytime. Use inside ATMs when possible.

Vehicle Tips:

- Park in well lit areas whenever possible.
- Do not leave personal identification in your car, including registration/insurance cards, credit card and gas receipts.
- Keep valuables locked in the trunk or out of view.
- Never leave your car running and unattended.

Panhandling:

- Direct your generosity to organizations that help the homeless, rather than giving money directly to people on the streets. A great many panhandlers use the money they solicit to support drug and alcohol problems.
- If someone harasses you, walk away and report the incident to a police officer or the Pittsburgh Downtown Partnership. Section 602 of the City's code describes "aggressive panhandling."
